Idea Bank - Application User Manual

Idea Bank Application – Why ?

Objective: There is no mobile platform for employees to log the improvement ideas currently using their mobile phones as only web-portal is active. Due to this, lot of ideas are not captured & Organization is deprived off from the benefits associated.

Scope- All Regular IB Employees are eligible to log their Ideas in this Application (PAN India).

Benefit :

- Employee can have their Idea logged & tracked in structured manner.
- Idea lifecycle can be tracked through this mechanism
- Tool driven approval workflow for efficient tracking & timely effectiveness
- Encouragement to identify more improvement opportunities
- Credit to the actual Idea owner
- Replication of Ideas
- Healthy Internal competition
- Improvement mindset / Culture building across organization
- Exciting Rewards and Recognition for employees

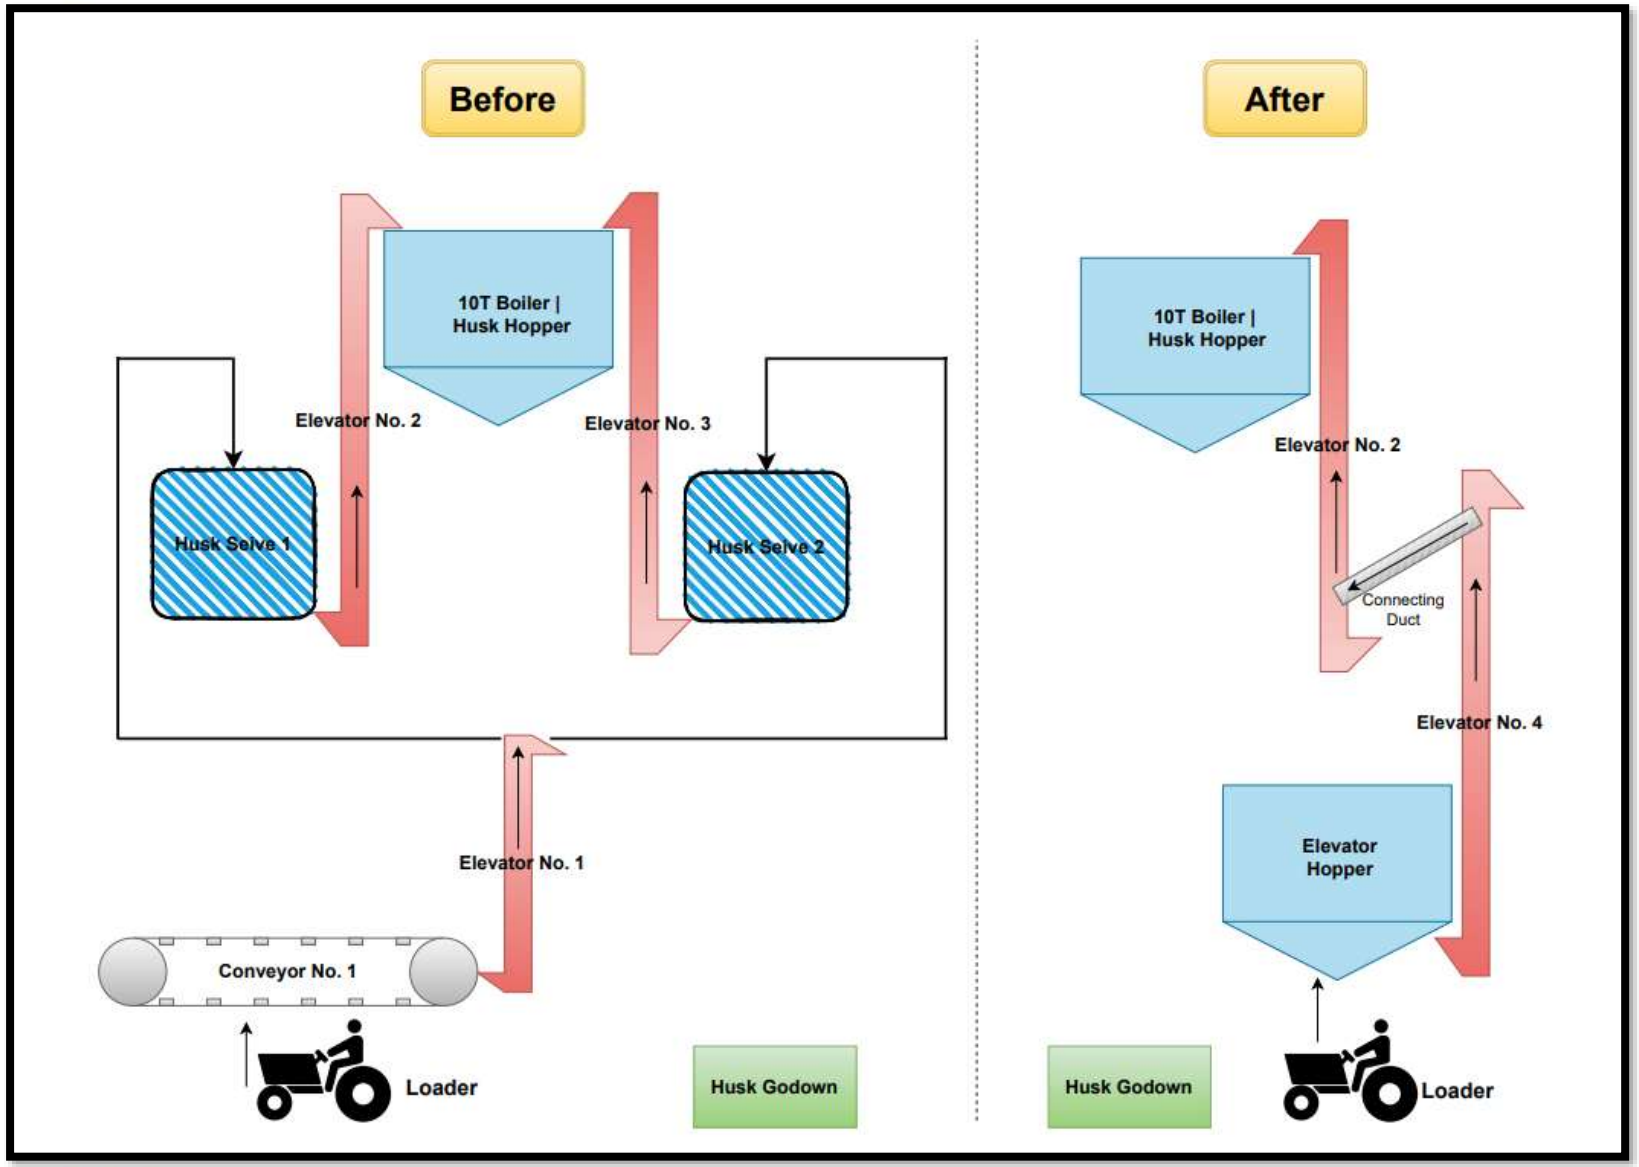
Idea Bank – Examples



Husk Intake Modification:

BY THESE IMPLEMENTATION WE GET FOLLOWING RESULT

POWER CONSUMPTION (BEFORE)-
=7.5+3.7+5.5+7.5+3.7+3.7=31.6 KWH

POWER CONSUMPTION (AFTER)-
3.7+3.7= 7.4 KWH

UNIT SAVED = 24.2 KWH MACHINE RUNNING - 12 HRS/ DAY

UNIT SAVED PER DAY 24.2*12=290.4

UNIT RATE - 9RS/KW

RS SAVED IN A DAY -290*9=2600 RS APROXX.

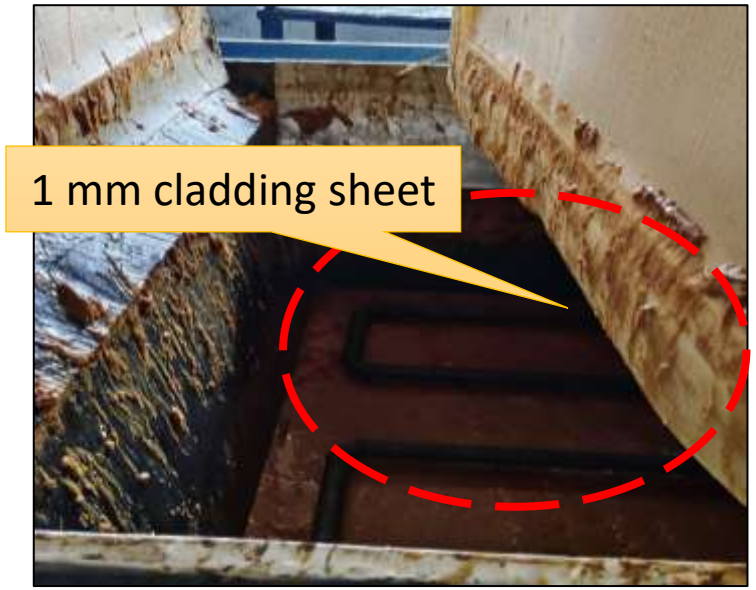
Note: This modification will work upon without mixing husk.

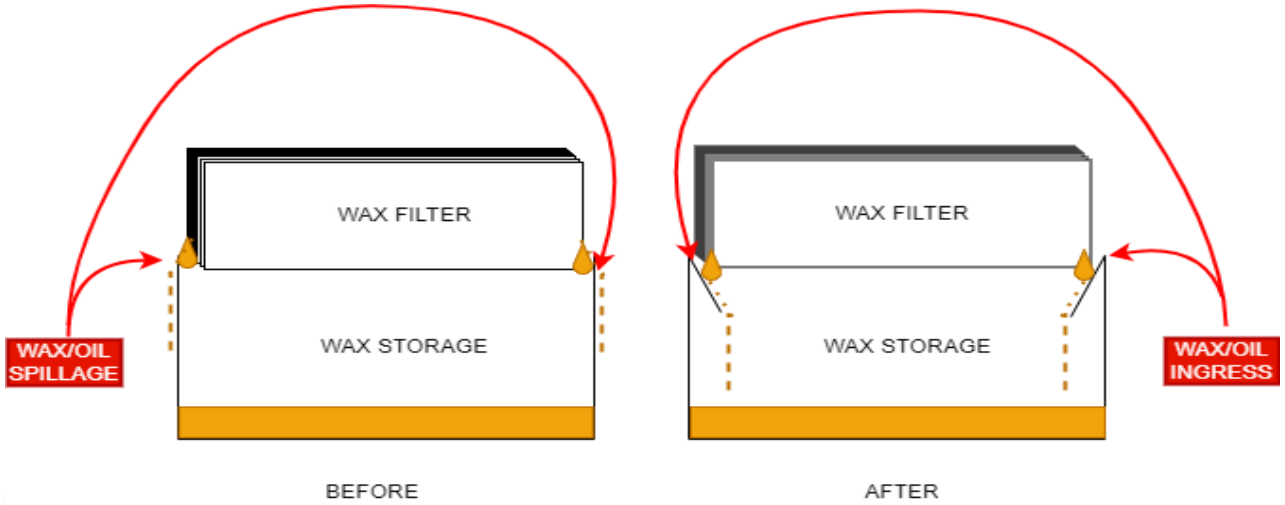
© Business Excellence

Idea Bank – Examples

Before

After





Oil has spilled from the wax filter storage onto the shop floor, causing the floor to become slippery and resulting in oil wastage.

Solution :
To install a 1 mm cladding sheet on top of the wax filter storage tank

Benefits:
This modification will ensure zero oil spillage, eliminate slip and trip hazards, prevent oil losses, and support maintaining 5S standards in the workplace
